AFTER SCHOOL BIOLOGY

Saddleback Valley Unified

Winter/Spring 2027

Bionerds® Biology. Kids. Hands-on. Fun.

CLASS DESCRIPTION:

Human Body II - Learn about our amazing human body from your brain, muscles, skin, bones, and more. Up close with fresh/preserved animal organs, perform many dissections and cool biology activities using lab equipment/tools. No need to take Human Body Part I to take this class.

Gardening Science - Find out the science behind soil, how plants grow, discover garden insects, and more! Lots of hands-on opportunities with live plants and critters in our gardening-related activities and experiments.

Saddleback Valley Unified School District neither endorses nor sponsors the organization or activity represented in this material. The district accepts no liability or repsonsibility for the program/activity. The display of this material is provided as a community service.

*All Bionerds' teachers are college graduates with Biology or other Science degrees / experiences, have been cleared in background checks, TB and drug tests, and are CPR certified.

LIMITED SPACE, REGISTER HERE:
