

Biology. Kids. Hands-on. Fun.

# BIOLOGY AFTERSCHOOL

@ Red Hill Elementary

For Grades 1st - 5th

Aug. 29th to Oct. 31st

Thurs. 2:35pm-3:35pm, 10 weeks

## Human Body: We Are Super!

Come and join this fun and hands-on biology workshop for kids! Learn about our amazing human body from your thumb, heart, eyes, lungs, to your sense of smell and more. Your child will be up close with fresh/preserved specimens, perform many dissections, and engage in cool biology activities using lab equipment/tools.

Bionerds was founded in Orange County, CA. on September 2015 with a mission to nurture curiosity, share lifetime passion and give opportunities for the younger generation to learn about biology through self-discovery. We believe each individual is a Bionerd. With the right environment provided at a young age, kids will learn and appreciate how amazing living things are. Living things are too amazing not to be wondered about!

*All Bionerds' teachers are college graduates with Biology or other Science degrees/experiences and have been cleared from the background check, TB, and drug tests and are CPR certified.*

*Voted OC's "Best Science/Tech Camp" in 2016 -2024 and "Coolest After-School Classes in the Country" by Red Tricycle.*
