Saddleback Valley Unified School District neither endorses nor sponsors the organization or activity represented in this material. The District accepts no liability or responsibility for the program/activity. The display of this material is provided as a community service.

Afterschool Biology Fall 2024 (K-6th or 1st-6th* Grade):

Bioengineering: Designing Life

Design/create something to improve life itself, such as prosthetics, genetic modifications, bioenergy. Your child will be exposed to bioengineering concepts and perform cool biology activities.

Microscopic World!

Learn about small living organisms we can't even see with our own eyes: bacteria, protozoa, sea monkeys, yeast and more. Get up close and personal with live organisms using a microscope and perform cool biology experiments.

Forensic Science: The Bionerds Way!

Learn about forensic/biology techniques to uncover the truth following in the footsteps of Sherlock Holmes, such as fingerprinting, DNA, trace evidence, dental forensic, and more.

Elementary School

DE PORTOLA

Topic

Microscopic World

Class Info

Thursdays 8/29-10/17 || 2:35PM - 3:35PM
\$228/student | 7 classes

Bioengineering

Tuesdays 10/22-12/17 || 2:35PM - 3:35PM
\$260/student | 8 classes

FOOTHILL RANCH*

Microscopic World

Wednesdays 8/28-10/16 || 2:20PM-3:20PM
\$260/student | 8 classes

Bioengineering

Wednesdays 10/23-12/18 || 2:20PM-3:20PM
\$260/student | 8 classes

PORTOLA HILLS

Microscopic World

Fridays 8/30-10/18 || 2:20PM-3:20PM
\$260/student | 8 classes

Bioengineering

Fridays 10/25-12/20 || 2:20PM-3:20PM
\$228/student | 7 classes

SANTIAGO STEM

Microscopic World

Tuesdays 8/27-10/15 || 2:35PM-3:35PM
\$260/student | 8 classes

Bioengineering

Tuesdays 10/22-12/17 || 2:35PM-3:35PM
\$260/student | 8 classes

TRABUCO

Forensic Science

Fridays 8/30-10/18 || 2:05PM-3:05PM
\$260/student | 8 classes
